

WHY

The Mid-Atlantic Coastal States Campground Conference and Trade Show puts you in front of campground owners from Virginia to New York in one location. Save time and money by seeing over 50 campgrounds in one day.

This is an opportunity for them to see many products and services and to do a lot of buying in a short period of time, saving themselves the time it takes to shop around. Campground owners like to make purchases at the conference so they can focus on preparing their campgrounds for opening.

Our Luncheon and Annual Banquet offer networking opportunities in a relaxed social setting and offers more one-on-one time with owners.
